Dear Angie, Ron, Tommy, and Ben,

I want to thank you for bringing your memorable performances to our area. Everyone has sung your praises, you truly captivated your audiences.

It was such a pleasure to meet and work with you all. I have been doing local history tours and presentations for fifteen years and appreciate my heritage. It is obvious you value yours too. I feel it is very important for those of us who can, to preserve the past. What a wonderful avenue you have to accomplish this task!

My best regards to each of you.

Sincerely,

Marion
