Dear Dudley:

It was terrific to have Roadside return. They are something very unique and special, and they added something very unique and special again to Lincoln Center Out-of-Doors-- work of quality, imagination, and good fun.

I look forward to seeing the company over and over, and I still always think of the first time I saw them, perhaps the best of all, in a mountain holler, surrounded by friends, telling stories I will never forget.

Best wishes for continued success,
